

An aerial photograph of the San Jose State University campus, featuring a prominent Gothic-style building with a tall bell tower in the center. The campus is surrounded by greenery and modern buildings, with hills visible in the background. The entire image is overlaid with a semi-transparent blue filter.

Public/Special Session MS Artificial Intelligence

MS AI Fall 2025 Cohort Orientation
Session
June 25, 2025

SJSU

CHARLES W. DAVIDSON
COLLEGE OF ENGINEERING

MSAI Graduate Orientation Agenda

- Welcome by SJSU Team
- Program Framework
- Program Courses & Schedule
- Degree Requirements & Academic Standing
- Course Registration & Expectations
- Tuition Fees & Course Drop Policies
- Withdrawal & Leave of Absence
- Scholarship
- Student Tips & Resources
- Program Contacts
- Surveys and Feedback
- Questions?

Welcome by SJSU Team

Dr. Raymond Yee
*Associate Dean of
Engineering
Extended Studies*

Dr. Wencen Wu
*Associate Professor of
Computer Engineering,
MSAI Graduate Advisor*

Noemi Timogan
Program Specialist

Program Framework

- Courses developed and taught by SJSU professors and industry experts
- Offer one, 11-week course at a time
- Take classes together with other students in the same cohort
- Weekday sessions are held from 5:30 pm – 9:30 pm (Tuesdays for cohort 5)
- Program will meet online each week.
- Canvas is used for lecture materials, assignments, discussions, etc.
- All lectures are recorded for students to catch up and review
- More affordable per course and per year for a one-at-a-time-schedule

Program Courses

Core (9 units)

CMPE 252 - Artificial Intelligence and Data Engineering

CMPE 255 - Data Mining

ISE 201 - Math Foundations for Decision and Data Sciences

Specialization (15 units)

CMPE 249 – Intelligent Autonomous Systems

CMPE 256 – Recommender Systems (Web and Big Data Mining)

CMPE 257 – Machine Learning

CMPE 258 – Deep Learning

CMPE 297 - Special Topics - Natural Language Processing

Graduate Writing Assessment Requirement (3 units)

CMPE 294 – Computer Engineering Reports & Graduate Research

Project (6 units)

CMPE 295A – Master Project I

CMPE 295B – Master Project II

Masters of Science and Artificial Intelligence

Fall 2025 Cohort #5

Tentative- Schedule subject to change

Semester	Date	Course	Course Title	Units
Summer/Fall 2025	7/15/25-9/23/25	CMPE 180A*	Data Structures & Algorithms in Python	3
Fall 2025	10/7/25-12/16/25	ISE 201	Math Foundations for Decision & Data Sciences	3
Spring 2026	1/6/26-3/17/26	CMPE 252	AI and Data Engineering	3
Spring 2026	3/31/26-6/9/26	CMPE 255	Data Mining	3
Summer 2026	6/23/26-9/1/26	CMPE 257	Machine Learning	3
Fall 2026	9/15/26-11/24/26	CMPE 297	Special Topics: Natural Language Processing	3
Spring 2027	12/8/26-3/2/27	CMPE 258	Deep Learning	3
Spring 2027	3/16/27-5/25/27	CMPE 256	Web and Big Data Mining	3
Summer 2027	6/8/27-8/17/27	CMPE 294	CMPE Reports and Graduate Research	3
Fall 2027	8/31/27-11/9/27	CMPE 249	Intelligent Autonomous Systems	3
Spring 2028	11/23/27-2/15/28	CMPE 295A	Master Project I	3
Spring 2028	2/22/28-5/2/28	CMPE 295B	Master Project II	3

Graduation Spring 2028 !!

Each course will typically meet once a week on Tuesdays, 5:30 PM to 9:30 PM

Program Specialist: Noemi Timogan

Email Address: noemi.timogan@sjsu.edu

Academic Program Coordinator: Dr. Wencen Wu

Email Address: wencen.wu@sjsu.edu

We strongly encourage following the outlined schedule to ensure on-time graduation. Please be aware that skipping a course, while sometimes unavoidable, could potentially lead to significant scheduling conflicts and unfortunately delay graduation. Conversely, taking additional courses to graduate early requires careful planning to avoid prerequisite issues and can be challenging, as course availability is cyclical (meaning courses aren't offered every term).

Master Project

- Culminating Experience comprised of two classes: CMPE 295A and 295B
- Completion required for graduation
- Each team is supervised by project supervisor
- Project prerequisites:
 - Completed core courses & two specialization courses
 - Good academic standing (GPA of at least 3.0)

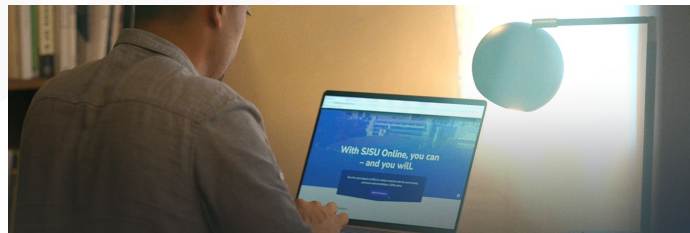

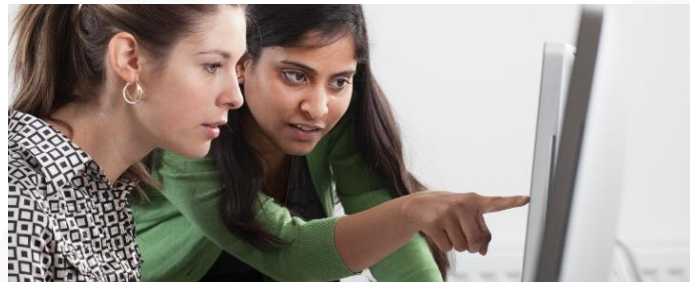

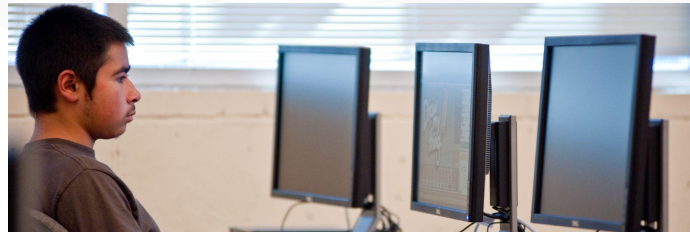

Degree GPA Requirements

- A student satisfies MS degree requirements if he/she:
 - Satisfactorily completed all 11 courses
 - Earned at least a C or better grade for each course
 - Completed the Master Project courses
 - Achieved an overall SJSU GPA of 3.0 or better
- C is a passing grade
- **C- or below is NOT a passing grade**
If received, a student must retake the same course with the next cohort
- If a student takes a course multiple times, all grades are included in the Overall GPA calculation

Student Status & Academic Standing

- Students who have officially applied and have been accepted/admitted to SJSU have **Classified Student** status
- A student is on **Academic Notice** (not **Good Standing**) if a term's GPA is below 3.0.
- Students need 3.0 overall to start master projects.
- A student on academic notice may be **Disqualified** if his/her GPA remains below 3.0 for two semesters in a row
- **Disqualification**: dropped from the program

Classification Change

Students with a “Conditional Admit” and have completed the prerequisites for admission, please file for a change in [Classification Status](#).

Classification change to “Classified” Graduate status is important for Graduate Candidacy.

The form is titled "Classification Change" and is divided into several sections. The "Student Information" section includes fields for SJSU ID, First Name, Last Name, and Email Address. The "Program Information" section includes fields for Program (major/concentration, if applicable), Program Coordinator Name, and Program Coordinator Email. Below these fields is a large text area for "Enter your condition(s)". The "Optional: Attach transcript(s) and/or copy of admission letter (0)" section includes a button for "Attach Petition Supporting Documents". Arrows from the right side of the slide point to the following fields and instructions: "MS AI Special Session" points to the Program field; "Wencen Wu" points to the Program Coordinator Name field; "wencen.wu@sjsu.edu" points to the Program Coordinator Email field; "Enter your condition(s)" points to the large text area; and "Attach your unofficial transcript." points to the "Attach Petition Supporting Documents" button.

Student Information

SJSU ID * First Name * Last Name * Email Address

Program Information

Please be sure to enter names and email addresses accurately. Incorrectly entered information may result in significant delays. View your [Advisor Contact](#) information.

Program (major/concentration, if applicable) * Program Coordinator Name * Program Coordinator Email *

This student was admitted as a conditionally classified student needing to meet the following conditions (list conditions below): *

Optional: Attach transcript(s) and/or copy of admission letter (0)

Programs (such as MS Engineering Management) may require a copy of your transcripts, admission letter, and/or additional documentation with this petition form. NOTE: Combine multiple documents into a single document prior to upload.

Attach Petition Supporting Documents

MS AI Special Session

Wencen Wu

wencen.wu@sjsu.edu

Enter your condition(s)

Attach your unofficial transcript.

Course Enrollment

- **Please ensure SJSU has your preferred email on file!**
- Two weeks prior to the start of the each course, the Program Specialist will send students an email with course registration information
- Always refer to your MySJSU portal for tuition due dates.
- Special Session course have different drop deadlines than regular course.
 - Students who officially drop the course by the 5th calendar day of the class will receive a 100% refund (Day 1 is 1st day)
 - On the 6th calendar day: 75% refund
 - On the 7th calendar day: 50% refund
 - On the 8th calendar day: 25% refund
 - Starting the 9th day: 0% refund.
 - Can try late drop to not get graded, not guaranteed

Tuition Fees

- Fall 2025 course fees: \$973*/credit unit
 - Course Total: \$2,919*/course (3 credit course)
 - Program total: \$32,109* (11 courses, 33 credits)
 - If you are developing your Python skills with us, too: \$35,028*
- Tuition payment is required for each course and the amount will depend on the number of credit units a student registers for.
- Review your tuition due date in the finances section of your MySJSU after you register for classes.
- Tuition payment methods (credit card includes 2.75% processing fee).
- eChecks payments do not incur a service fee.
- Invoices can be requested from Bursar's Office for Tuition Reimbursement at bursar@sjsu.edu
- **Installment Payment Plan:** Special Session students who wish to request a payment plan may contact the Bursar's Office via email at student-finance-specialists@sjsu.edu or by phone at 408-924-1601 and your inquiry will be directed to an Account Specialist.

*Fees are subject to change based on University mandated fee increase.

Program Withdrawal

Withdrawal

- Semester withdrawal: Must be a matriculated student in good standing for at least one semester to petition for semester/course withdrawal
- Leave of Absence: File petition with Office of the Registrar if withdrawing more than a semester
- Graduation will be delayed to make up for missed courses, potentially join a new cohort
- Inform your Academic Program Advisor and Program Specialist

Leaving SJSU

- Students do not need to submit forms to withdraw from SJSU. Your student status will be automatically canceled if you do not enroll for two consecutive semesters (Spring and Fall). You are still responsible for any tuition charges.

Scholarship

For current and newly admitted students:

EES PaCE Fall 2025 (Deadline: 5/1/25)

Financial Aid and Scholarship Office

Please note: *Special session students may not be eligible for state-funded financial aid (such as Cal Grant or SUG). However, reach out to the Financial Aid and Scholarship Office (FASO) to explore other options that may be available to you.*

SJSU

EXTENDED STUDIES

SJSU Student Tips

- Learn MySJSU system
 - [Tutorials](#)
- Steps to obtain a [Tower Card as Special Session students](#)
- You have access to [Dr. Martin Luther King, Jr. Library \(MLK\)](#)
- Engineering Librarian: Anamika Megwalu, anamika.megwalu@sjsu.edu
- Engineering Student Success Center Graduate Advisor: Marta Ramirez-Rodenas, marta.ramirez-rodenas@sjsu.edu
- [Steps needed to complete your Master of Science in Artificial Intelligence degree](#)
 - Complete Graduation Candidacy Form
 - Application for Award of Degree
 - 7 Year Limit

Additional Resources

- University Academic Integrity policies
 - [Student Conduct Code](#)
 - [Academic Integrity](#)
- one.sjsu.edu
 - Learn MySJSU system
- [FERPA](#) and [Grade reporting](#)
- How to [view Payment Due Dates](#)
- [Payment/Refund Policy](#)

Contacts

Noemi Timogan, Program Specialist

- First point of contact and liaison between students and SJSU
- noemi.timogan@sjsu.edu

Dr. Wencen Wu, Academic Program Coordinator

- Point of contact for academic matters
- wencen.wu@sjsu.edu

Eileen Chen, Instructional Designer

- Point of contact for Zoom & Canvas questions
- eileen.chen@sjsu.edu

Dr. Raymond Yee, Associate Dean of Engineering
Extended Studies

- Point of contact if escalating issues/dealing with unusual situations
- raymond.yee@sjsu.edu

Surveys and Feedback

- Students shape program through mid-course and end-course surveys
- At the end of each course the program specialist & graduate advisor will visit students (in-person or virtually)
- Students will also receive messages from SJSU about SOTE (Student Opinion of Teaching Effectiveness) evaluation
- Feedback is welcome at any time

The background image shows a wide-angle view of the San Jose State University (SJSU) campus. In the center is the iconic Old Main building, a large, historic structure with a prominent tower. To the left, several tall palm trees stand against the sky. In the foreground, a green lawn is visible, with a few people sitting or walking. The entire image is overlaid with a semi-transparent blue filter.
